

Thunder Energies Announces a Breakthrough in the Neutron Technology

TARPON SPRINGS, Fla., July 24, 2017 (GLOBE NEWSWIRE) -- Brian Buckley, Sales Manager of Thunder Energies Corporation, a publicly traded company with stock symbol (OTC:TNRG), announced that the Company has achieved, in collaboration with the well-established company TEIS Electronic Solutions, s.r.l., from Verona, Italy, a technical breakthrough in the remote controls of the Directional Neutron Source (patent pending) with important implications for the flexibility of its applications, its marketing solution and the safety of its operators.

Dr. R.M. Santilli, Chief Scientist of Thunder Energies Corporation, states, "The fact that TEIS Electronic Solutions has joined the Thunder Energies Team in the construction of the remote controls of our Directional Neutron Source is an indication of its importance, the maturity of its construction, and the safety of its operators, thus confirming its various uses, including the detection of concealed nuclear weapons, identification of precious metals in mines, the scanning of large welds in naval construction, and others."

Forward Looking Statements

Certain statements in this news release may contain forward-looking information within the meaning of Rule 175 under the Securities Act of 1933 and Rule 3b-6 under the Securities Exchange Act of 1934, and are subject to the safe harbor created by those rules. All statements, other than statements of fact, included in this release, including, without limitation, statements regarding potential future plans and objectives of the company, are forward-looking statements that involve risks and uncertainties. There can be no assurance that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Technical complications, which may arise, could prevent the prompt implementation of any strategically significant plan(s) outlined above. The Company undertakes no duty to revise or update any forward-looking statements to reflect events or circumstances after the date of this release.
